Her Soulmate Was Off Limits... Robyn Huff was absolutely opposed to the idea of her stepbrother Ivan Porter moving in with her. Her Korean husband Minjun had died six months prior leaving Robyn alone to care for two hyperactive, biracial twin girls: Sasha and Jessica. Things were spiraling out of control fast so Robyns father Zeke suggested Ivan move in to help her out. Robyns life was so crazy that she had no choice to accept, even if she hated the implications that she couldnt do this on her own. Robyn barely knew a thing about Ivan except he was willing to help out. Helping out apparently meant taking charge and Robyn didnt want him thinking she needed a white knight to swoop in and save the day... As Robyn and Ivan discovered what fate had in store for them, they were both forced to admit their assumptions about each other were totally wrong. This love story confronts complex themes related to forbidden romance and forces you to consider that perhaps you arent immune to taboo feelings yourself...
Authors Warning: This interracial romance is for mature audiences 18+ only due to sexually explicit content. If you are offended by the idea of a resilient, creative and independent black woman falling for an older white man, then read no further.
