

## The Heart That Hides (Regency Spies Book 2)

In the spring of 1812 Regency spy Edmund Finch returns to London after a failed mission on the Continent. Physical and mental exhaustion keep him away for society for some time, but when he returns to it he is introduced to a beautiful woman who steals his heart. Is she, however, a fit woman to be the mother of his young son? And what of Sophia, a young woman whose intelligence delights him, but who has attracted the attention of his closest friends nephew. Finchs friends fear that he is not in a condition to make the right choice; Finch can only follow his heart, when he understands it.
