

## Seduction of Six (The Mating Season Book 6)

The last man on Earth is about to be joined by five more. When his best friend died, Jay Alvarez was left completely alone on the ruined Earth. With no way off planet, and no hope of seeing another living person ever again, Jay's sanity has started to slip away. He isn't even sure what is real anymore, or what is nothing more than his fevered imaginings. But Jay won't be alone for much longer, because his mates, four Valdor, and one human, are coming for him. He is the final piece in the puzzle that is their mating circle, and they will do whatever they can to make him theirs...even if that means accepting that Jay is not quite what they expected.
