

BTW I Love You

M/M Romance 18,519 words When Aidan logs onto the Internet one night during winter break, he hardly expects to meet tall, dark, and handsome Jake - let alone discover over the course of their chats and emails that Jake may actually be...well...pretty much perfect. However, with Jake studying abroad 8,000 miles away, Aidan soon finds himself struggling with the intense feelings that hes developed for a man hes never actually met. With an ocean between them and all of the doubts and questions that come with the distance, will their relationship ever find wings? And when they finally meet in person, can their online romance become an IRL happily ever after?
