

## Imagine the Future You (Dynamite Decisions for Youth)

This book brilliantly spotlights the challenging trail to your tomorrows and reveals how the choices you make at each intersection can either bring success, joy and wonder or devastating disaster. Early on the author discusses how to look and be your best, the tenaciousness of habits, and goes on to the value of having wise knowledgeable friends, good connections, developing your talents, and hard work. In addition, as a retired medical journalist she doesn't shy away from discussing risks along the journey such as abuse, addictions, emotional problems, sexually transmitted diseases, and being totally unprepared for marriage. She addresses the spiritual side also and gives evidence for belief in God, and warns of propaganda and brainwashing in schools and universities. *Imagine the Future You* is for those who want abundant life here and for eternity.
