

Fierce Enchantment (Dantes Circle Book 5)

Humans aren't as alone as they choose to believe. Every human possesses a trait of supernatural that lays dormant within their genetic make-up. Centuries of diluting and breeding have allowed humans to think they are alone and untouched by magic. But what happens when something changes? Faith Sanders sacrificed her life to save her best friend only to find herself trapped in an endless sleep. When she awakens, a year has past and everything has changed. Her friends have not only moved on with their lives, but now she's forever bound to a man she's never met. When Levi Hughes created a mating bond with the raven-haired, fiery woman, he knew he'd have to face the consequences. Not only does the woman in question bring with her a new battle he might not be ready for, but his past has finally caught up with him. It will take more than the strength of their bond to not only survive their new world but each other. Warning: Contains a drop-dead sexy wizard with more than simple magic tricks up his sleeve, a lightning-struck, fierce woman who finds her paranormal half more shocking than she'd dreamed, an ex-wife who wants nothing but pain and death, and a mating bond so combustible that the world will be speaking of their seduction for an eternity.
