

Sorceress: A Paranormal Shifter Romance (The Seekers Book 2)

Torn between the bliss of love and the horrors of a frightening fate, Circe has pushed the handsome and loyal Phist away time and time again, fighting love in favour of safety. But when an unseen and mysterious threat begins to attack nearby towns, Phist leaves to investigate. He disappears, leaving Circe reeling. Fate, it seems, will bring her to another man; one who has suffered his own great losses. Will he help her to find Phist, or attempt to claim her as his own? This is a stand-alone novel with two sexy shifter males, a woman who is rather skilled in the ways of magic (and other things), and shifters galore.
