

Better Than Okay (Love Always Book 1)

Sometimes its not whether or not you survive, but how you survive. I guess that might be the thing that makes you the person you are... How you survive. When Miami music writer Destiny Michaels learned her childhood friend, the always cool and collected Brian Jace, was moving from their hometown of Phoenix to Miami, she wanted to do cartwheels across Ocean Drive. Brian has always been able to counter Destinys annoying tendency to overthink things, and hes the only person she knows with a love for music thats as intense as hers. However, when he arrives, she quickly realizes theres been a major shift in their formally platonic relationship. And no matter how scared she is about taking things to the next level, their feelings only intensify. But just as she begins to believe that real love can exist outside of sappy romantic comedies, Destiny is forced to question everything she thinks she knows about life, including her new feelings for Brian. She soon discovers that while we cant control some things that happen to us, the power of unconditional love, once accepted, can make life better than okay.

Download it once and read it on your Kindle device, PC, phones or tablets. Read with Kindle Unlimited to also enjoy access to over 1 million more titles \$3.99 to buy .
