

## Guida all'I Ching (Italian Edition)

Scritto con un linguaggio semplice ed evocativo, la Guida all'I Ching introduce appassionati e praticanti di medicina tradizionale cinese al Libro dei Mutamenti, proponendolo non solo nella sua veste di oracolo ma portando i lettori a riflettere sul significato profondo di ogni esagramma, il linguaggio dell'energia. Carol K. Anthony ha trasposto per noi Il Ching in linguaggio moderno, consentendoci di applicare la sua saggezza alle diverse situazioni che incontriamo nella vita quotidiana. Vengono decodificate parole come l'Uomo Superiore e Inferiore, e gli Inferiori, che si riferiscono rispettivamente al Vero Se, all'Ego e al Se Corporeo. Espressioni come Attraversare la Grande Acqua e Vedere il Grande Uomo mirano a indurre a lasciarsi alle spalle il pericolo di rinunciare a se stessi e ricordano il potenziale buono contenuto in ciascuno di noi. Comprendere queste parole e frasi ci aiuta e incoraggia a seguire e approfondire i nostri sentimenti più intimi: ciò che ci permette di sentirci in armonia con l'amorevole cosmo e i suoi poteri protettivi.
