

Uncharted Hearts

Clayton Taylor is smart and skilled, and born into privilege. His expertise with navigation lands him a job on The Irish Lady, a ship which promises a world of new experiences. Half in love with Peter, The Ladys roguish captain, Clayton signs on for adventure and a chance to test his skill against the sea. Once aboard he meets Jorge, a pillar of quiet strength. Claytons life among the sailors and thieves is happy, wild, and free. He learns to sail, to fit in with the crew, and to cheat at cards. There isnt a course he cant chart, or a job he cant design. But Clayton cant navigate love, nor can he plan for the whims of his heart. Bold and direct and often stubborn, Claytons uncharted heart will plot its own course, bound for a union with two men who need him as much as he does them. Together Clayton, Peter, and Jorge will discover the heart has no need of map and compass.
